MESSAGE FROM CAMPUS DIRECTOR

Camellia Institute of Technology is a premiere institute in the field of education today. Besides regular academic discourse, the institute offers orientation of students' with industry conclaves to develop an interface to exploit potentials to be EMPLOYABLE. When servitude is the buzz word of life, we provide servant leadership to reach the highest goal gradually. With eight B.Tech departments CSE,IT,ECE,EE,EEE,EIE,ME,CE and Diploma in CE & ME governed by full-time faculty members, the learners are at ease to update themselves with latest technical skills involving innovation and practice. The only Post-Graduate Programme of the Institute in Computer Application helps to attain the higher reaches of the corporate living more diverse.
